Impact Report: Spring 2026

Because of your faithful support, the National Association of Evangelicals continues to connect and represent evangelical Christians throughout the United States.

As part of our Gospel Beauty & Breadth initiative, we are launching a major research project with Barna to better gauge how evangelicals are engaging with culture, experiencing digital discipleship, and understand faithful conviction in today's world. We believe the insights from this study will have significant ripple effects for our country — equipping evangelical leaders with relevant data to disciple Christians with generational and regional focus and to create spaces of hope, hospitality and healing in our nation.

This research project, which will survey 4,000 Americans, will also inform our own storytelling efforts, including an upcoming "I Am an Evangelical" social media campaign. The NAE is grateful to offer our work via support of our generous partners.

Together with other NAE donors, members and ambassadors, your prayer and financial contributions sustain our work and amplify the impact of the gospel.
Your generous support has recently enabled us to:

- Launch the Partnership for Faith & Flourishing — a new initiative that will strengthen NAE impact by equipping evangelicals for effective engagement in the public square, grounded in the comprehensive nature of the gospel which affirms "the reconciliation of all things in Jesus Christ" (Colossians 1:20).
- Host the Christian Student Leadership Conference in Washington, D.C., with **75 students and faculty members from 15 Christian colleges**.
- Publish the statement, Standing With Our Immigrant Neighbors in a Time of Crisis. The social post and reel based on the statement received around 200k views across platforms. The social post and reel based on the statement received around 200k views across platforms.
- Organize a powerful forum exploring how **faith, medicine and U.S. leadership** can save lives and bring hope around the world, featuring global health and Mayo Clinic leaders.
- Present a winsome, evangelical perspective at multiple venues at the **World Economic Forum**, including a panel on AI ethics and prayer gatherings.

Join us in prayer for peace and justice and for love of God and neighbor, to prevail in our country. We also pray that pastors and leaders will be encouraged in the Lord and strengthened to persevere in serving their communities with the sacrificial love of Jesus.
With joy and gratitude,

Walter Kim

Walter Kim, President
